1. In the book, Flore Cuny and Anne-Marie Johnson introduce the subject of French, telling us what it is and what it has to do with us. The narrator, Florence, describes the main characters and the setting of the story. The book, being a "Homes and Education" program book, is of no real value in the real world. The things that we know are: The story is narrated by the 16-year-old narrator, Florence. Story is rich with details and pictures that help in building a vivid image in the reader's mind. Features of Belleville: The book uses images, music, and narration. It is not expected to provide real insights into language and French culture. The characters speak a particular language and understand the language of the other characters. The events of the story are believable, and the plot is kept simple, keeping the book easy to read and understand. The story is realistic. The vocabulary of the characters is consistent with what would be expected of a person who is of a certain age and who comes from a particular culture. The events described in the book are made to appear true. Read "Belleville 1 livre.pdf" in full or in PDF. He has married a girl he loved in America; they will be getting married in the next month and she will not be coming to visit him before then. The two of them lived happily together for the past five years. Les amis des RDI, à votre commandement. He talks to her almost every day through a phone line. They seem to get along very well. He says she is an angel. He is feeling a bit lonely; he still misses his wife. He starts to take trips with his friends. He takes a trip to the Caribbean Islands. The people in the islands are mostly French. His friends give him presents of a new mobile phone. He is happy to have such a good mobile phone. He seems to be making friends there. One of his friends is a man named Guillaume. He met Guillaume on the train that he took to the islands. Guillaume is the leader of the group of friends. They get along well, and they share their experiences 2d92ce491b
