

Mar 27, 2009 - Hi everyone for Windows XP SP3 activation the best file below the link I already use and my box active so far... you can also try for free ... Activate Windows 7 SP1 Where to Start? Run windows 7 activator loader efi as administrator. In the window that opens, specify the path to activator.exe file in windows/system32/dlls/loader folder. During operation, activator windows 7 loader efi performs activation according to the algorithm "from the user", so be careful when working with activator. Do not forget in the window activator windows 7 loader efi enter the license key for windows 7 in the field "Enter serial number" and click "Load".
