Benefits of Photoshop • Professional image editing and correction The initial intent for Photoshop was to provide a professional-level platform for professional image editors to work with. With a scalable set of features and integrated tools, users can quickly create images, re-touch existing ones, and correct, repair, and enhance them. Not only is Photoshop great for people who do a lot of photo editing, it's also good for people who simply want to make their own version of their favorite picture. In addition to being an excellent image editing software, Photoshop has powerful tools that allow users to add, blend, and modify various effects. It also has a plethora of industry-standard plugins available. • Powerful image editing Adobe Photoshop is one of the most powerful and accessible tools for photo editing out there. It offers lots of built-in presets that allow you to alter exposure, adjust color, and create new looks. It also has the ability to apply filters to enhance any image you create, and the canvas is very customizable — you can work with it as you prefer and adjust it to your liking. • Integrated tools Because of Adobe Photoshop, users have access to a wide variety of tools that enable them to carry out intricate image editing projects. By investing in a license, you can benefit from the various settings and options that come with it. • Industry standard What makes Photoshop so important is that it is one of the most robust and widely used image manipulation programs that is available on the market. • Customizable With the flexibility of Photoshop, you can customize it in any way that you like. You can even keep your documents (i.e., screen shots) stored in different places; this is great for those who regularly have to switch computers or who like to work off a flash drive or other media that you can keep handy. • Great for beginners Photoshop has plenty of beginner-friendly features. Its versatility makes it suitable for most people, although it's definitely geared toward experienced professionals. The interface is intuitive and well-designed, and it has so many features that you can easily create professional results. With a low learning curve, Photoshop is the perfect tool for most photo and graphic enthusiasts. • Developed since 1988 Photoshop was first released on November 22, 1990. It was first designed to make it easy to manipulate photographs with layers that support transparency. Since then, the program has progressed into a much more powerful and

Å søke om et par norske medlemskap i FNs Alarmregister for å kunne akkrefse oversendte telefonnumre. Dette er fordi svært mange norske medlemskap holder det hemmelig at de har opplysninger om elever som har problemer med seksuelle overgrep. Medieoppslaget kan man lese om noen av flere skritt i en lekkasje. Og SV-politikeren og lederen av Helse, Bente Nordby-Gundersen, er ikke den eneste representanten på Stortinget som viser offentlig tekstoverføring til NRK som følge av medieoppslaget. Mediasjiktet har hatt økende styrke. NRKs Anette Trettebergstuen skriver flere ganger om Dagbladets bruk av medieoppslag som følge av norsk stat, og sier det er problematisk at riksmedia ikke får vite hva som pågår bak statens dører. Statsminister Erna Solberg (H) har beklaget at regjeringen ikke har «vitnet en synskurve» om dette medieoppslaget som NRK har gjort. Statsministeren ønsker at dette opphører, og at det skal finnes en kontrollmekanisme i slike medieoppslag. SV-politikerne, særlig Bente Nordby-Gundersen og Anne Hagene fra Venstre, har skrivit noen flere kronikk og avlevert i media for å vise støtte til NRKs nyhetssending. Spørsmål fra SV-representantene Anne Hagene og Bente Nordby-Gundersen om NRKs nyhetssending. Politikerne som på deres vegne av SV har skrevet et kronikkverk om NRKs medieoppslag

Holland Holland () (Dutch: Holanda, Nederlands: Het Koninkrijk Het Nederlands, lit. "The Kingdom of the Netherlands") is an autonomous constituent country of the Kingdom of the Netherlands with the capital city of Amsterdam. It is bordered by Germany and Belgium, and has an area of. Holland is a highly urbanized and industrialised country. It is home to the major port city of Amsterdam, the capital and largest city of the Netherlands, with a population of 1.4 million as of the, and the country's economic and cultural centre. The Dutch language (Dutch: Nederlands) is widely spoken and the Netherlands ranks highly in the Human Development Index. The Netherlands is one of the world's top exporters of goods and services, and the world's second-largest exporter of goods and services (after the United States), with a trade surplus of about US$250 billion. As of 2016, the Netherlands is Europe's fifth largest economy by nominal GDP, and the fourth in the world by PPP. Holland is a monarchy, with King Willem-Alexander as head of state. The executive branch of the government is led by the prime minister, currently Mark Rutte of the People's Party for Freedom and Democracy (VVD). The legislature consists of a bicameral parliament, the House of Representatives (Tweede Kamer), and the Senate (Eerste Kamer). History The region of the present-day Netherlands in its current form existed as early as the Roman Empire, with distinct areas inhabited by Germanic tribes such as the Batavi. Dutch inhabitants first began to call themselves "Hollanders" in the 14th century, replacing the earlier names of "Hellenaards" (people from Hellenaar) or "Peellanders" (people from Peelland). Early Dutch nobility used "land-grant" as a term for the land they held, as many still do today. Admirals Piet Heyn and Coenraad van Huystede The first known Dutch inhabitants are known as the First Burghers (Dutch: eerste Stedenbouters), who arrived in the region around the year 1000. As the region was uninhabited and untracked, the new settlers quickly began to farm the land and settle down. The first settlement of a new piece of land was a
