Thousands of people were killed by its last eruptions in 2011. The film "Djamila", by Boualem Aregbesola, captures the story of a climber who lives at the foot of the mountain. 1 reply […] So I'm here at Mount Mimoun, the volcano in the Anti-Atlas region of Morocco in front of me. And I'm afraid of these magnificent stones. The bigger the stones, the more afraid I am. I'm afraid of their weight, I'm afraid of them slipping. But most of all, I'm afraid of my own vulnerability to their power. I see a man fall. A huge explosion that moves the mountain's ground with all its force and momentum. I see people running through the dust. Some of them are wearing white dresses, others are covered in mud. Some of them are dead, their backs split open. But I'm not afraid of these dead people. On the contrary. They'
