A little while back I wrote a blog post that is on a similar topic to this one, but the problem I am facing is that many of the posters who answered my question were not from this country. So this time I will get different people from different countries to help. I have a little more to go through, but I can answer a few of these questions. 1. Can you tell me something about yourself? I am a mother of four and a student who is focusing on teaching others about their families history. 2. Have you read anything about Genesis 18 in the Old Testament? I have read it twice in the Old Testament. 3. Is there any guidance about women being allowed to pray publicly? No, but it shows God is ok with it. There was a woman who was healed when she prayed publicly. 4. As I read this text, it seems to me that God just didn't want Noah or anyone else to know. Why did he send a curse? The warning was also about his relationship with humankind, so God was showing him the importance of not offending them in that way. It also illustrates the fact that God's point of view is not the same as our own and that they are God's creation. 5. I see from the Wikipedia article that Noah was 120 years old when he and his family entered the ark. What happened to him after that? He apparently started drinking and it appeared to be an addiction for him. He died about one year later, so he had a normal lifespan for an old man. 6. Should Noah have prepared for the flood like this? No, it would have been very bad to leave all the animals behind. 7. Tell me something about your background/upbringing. I am from a middle class family, grew up in a Christian church and have a wife and four children. 8. How do you know that God is working through or with those who had the specific role at that
